

Practice Nomenclature Quiz #1

Give the names and formulas for the following compounds.

barium nitride

iron (II) fluoride

potassium oxide

calcium carbonate

sulfur trioxide

copper (II) sulfate

ammonia

calcium hydroxide

iron (II) oxide

tin (II) phosphate

Practice Nomenclature Quiz #2

Give the names and formulas for the following compounds.

calcium nitride

iron (II) oxide

hydrogen

magnesium carbonate

ammonium sulfate

cuprous chloride

dinitrogen tetroxide

sodium hydroxide

mercuric oxide

lead (II) phosphate
